

# GRETNA KIDS CONNECTION IS READY TO TALK *SUMMER TIME FUN!*

Gretna Public Schools Foundation successfully opened the Before/After School program this past school year and then provided summer time care. After having a hugely successful program and continued interest we are excited to announce we will be open at two sites this summer. Palisades and Thomas Elementary will both provide summer programs. Children will have the opportunity to participate in specialized clubs, receive tutoring, be involved in Gretna area camps (transportation provided at an additional cost), take 2-3 field trips per week, and interact with all their friends.
